

Should 90% of all Employees be FIRED?

This expert says “Most every employee I’ve met should be fired!”

Want a show that will light up your phone lines? Then ask Cory Geffre why most employees are horrible and should be fired.

Cory will teach your audience:

- The 3 main reasons most employees should be fired: Reason #1 - employees don't know what they want. Reason #2 - most employees don't understand what the job description really is, Reason #3 - employees haven't yet become EntrEmployees.
- Cory will also tell you why you should never believe your boss when they say they would never give any employee a huge pay raise. Cory will debate any caller or any expert you want to bring on to oppose him.
- Cory will reveal a little-known fact that is sure to add fire to the debate and that fact is your boss is probably willing to pay you much more than you are currently making.
- Plus your listeners will learn the one technique Cory used to earn himself a \$50,000 pay raise.

Even the listeners who are angry about the economy and think this is a terrible time to ask for a pay raise will find it hard to disagree with this guest.
