

Getting a HUGE Pay Raise Controversies

Controversy –

My boss would never give me a HUGE pay raise!

Cory's Response -

I have interviewed and talked to hundreds of business owners, when I tell them the type of workers I help employees become, they tell me they would gladly give them a HUGE pay raise!

Controversy –

I work harder than everyone else and I never get anything other than a nickel pay raise.

Cory's Response –

You don't need to work hard to get a HUGE pay raise, you just need to learn how to work ... right!

Controversy –

There is no way you can get a HUGE pay raise when the economy is in bad shape.

Cory's Response -

A down economy is actually a great time to ask for a pay raise. The bad employees have been fired or laid-off. Now is your time to shine.

Controversy –

Why pay one employee a bunch more money, when my boss could just hire another whole person?

Cory's Response -

Employees that think, act, and work like business owners are rare. Smart companies will pay top dollar to keep these employees.
