

Employee Expert Reveals...

How to take the stress out of Asking for a Pay Raise!

For most people, just the thought of asking for a “pay raise” is enough to get them to break out into a cold sweat. But Cory Geffre, author of *How To Get A HUGE Pay Raise*, says that employees don’t have to worry so much about asking for a pay raise --- if they do 3 things differently.

First, know the answer to the question, “What came first the chicken or the egg?” Cory reveals why the answer to this question will shock your audience. Cory will also teach the audience how knowing the answer to the “chicken and egg” question will help them earn their own *HUGE Pay Raises*.

Second, employees must have a formula or system for asking for a pay raise. Cory will teach your audience his 626 Formula for asking for a pay raise.

Third, employees need to make your boss or company an offer they can’t refuse. This offer should be so good your boss will be scratching his head trying to figure if there is a catch.
